

The Readers' Spa Awards 2012

The Spa by ESPA, One&Only Reethi Rah, Maldives

It's all about sun, glorious sun in this Indian Ocean archipelago, and guests at the One&Only Reethi Rah are encouraged to enjoy it safely. A **Sun Spa Esthederm** service prepares guests for exposure; treatment includes exfoliation, application of sunscreen throughout the day and a soothing after-sun treatment. Spa treatments take influence from Ayurvedic medicine and traditional therapies from South-East Asia. But, while you enjoyed the treatments, you were most impressed with

the luxurious accommodation. Hardly surprising given the uninterrupted sea views from each of the beachfront rooms and the inviting water above which the stilted villas stand.
